

Animal Hand Puppet Craft

Supplies

1. Colored construction paper of different sizes
2. Scissors
3. Glue sticks/ glue
4. Markers

Procedure

1. Take a full size construction paper and fold hot dog style, leaving half an inch tab on the right side. Place glue on the tab and fold down to make a tube.

2. Next fold the tube in half, with the glued tab on the outside. Fold each half in half again to make a W shape if you look at the tube from the side.

3. Allow the children to draw and cut out the details for their animal puppet, e.g. ears, muzzle or nose, eyes, tongue. Glue the parts onto the animal puppet.

4. If the children would like, they can use the markers to draw on additional details.
5. If time permits, children can make a second animal puppet.

6. When craft is complete, please return clear bin with supplies to the storage room. All the supplies can be left in the bin and put on the white table—no need to put back each individual supply.
