

Paper Roll Maracas

Supplies

- Small paper rolls (the kind inside a roll of toilet paper)
- Pre-cut circles
- Pre-cut circles with a slit in the center
- Construction papers of assorted colors
- Rice
- Popsicle sticks
- Clear tapes

Procedure

1. In the two pre-cut circles, one with a slit in the center, one without, make cutting in the outer layer so that they can be folded down later to cover the ends of the paper rolls. Cut a strip of construction paper according to the length of the paper roll.

2. Use clear tape to glue the circle without the slit on one end of the paper roll.

3. Place a handful of rice grains into the paper roll.
4. Use clear tape to glue the circle with the slit on the other end of the paper roll.

5. Slide the popsicle stick along the slit into the paper roll.

6. Wrap the paper roll with the strip of construction paper cut out in step 1 and use clear tape to connect the two edges.
