

Hand Craft

Supplies

1. Construction paper
2. Straws
3. Threads
4. Pencils
5. Scissors
6. Clear tapes

Procedure

1. Trace a hand on construction paper and cut it out.
2. Cut straws into three short strands and one long strand to mimic the bones in each finger. Cut a one-inch-long straw to make the wrist bone.
3. Tape straws onto each finger. Use a thread to connect the bones in each finger to the wrist bone.

4. When craft is complete, please return clear bin with supplies to the storage room. All the supplies can be left in the bin and put on the white table—no need to put back each individual supply.
