

## Galaxy Slime Craft

**Supplies** (all the following are prepared and placed in the classroom)

1. Elmer's clear glue
2. Elmer's activator
3. Food coloring
4. Glitter and confetti
5. Bowls
6. Measuring cups and spoons
7. Popsicle sticks
8. Ziploc bags
9. Sharpie

### Procedure

1. Pour  $\frac{1}{2}$  cup of Elmer's clear glue into bowl.

2. Choose color for slime and add 3-5 drops to glue. Stir using popsicle stick to incorporate.

3. Choose glitter and confetti to add to slime. Use  $\frac{1}{4}$  teaspoon to measure. Stir to incorporate.
4. Add 2 teaspoons of Elmer's activator. Stir again.

5. If slime is still sticky, continue to add 1 teaspoon at a time of Elmer's activator until desired consistency. (Usually not more than 3 teaspoons is needed)

6. Take out slime and knead.

7. Slime is ready for playing with! Write child's name on Ziploc with Sharpie and store when done playing.
8. Remember to wash hands after playing with slime!
9. Please clean up and return unused materials to the storage room.
